CANADIANA 1973

INDEX

In 1968 CANADIANA began producing its index by automated means. This made possible the production of regular cumulations of the Index. A quarterly cumulation, for the January to March issues, appears with the March issue. The June issue includes a semiannual cumulation, for January to June. In the October issue the quarterly cumulation is for the July-August to October issues. The annual cumulation provides an index to the eleven issues of CANADIANA 1973.

This index applies to all eight parts of CANADIANA and attempts to provide every type of specific entry under which a publication may be sought. It includes authors (personal and corporate), titles, added entries (i.e. associated names such as editors, joint authors, etc.) and series. It also includes cross references from headings not used and, where relevant, histories of corporate bodies occurring as authors.

Index entries refer to the month, year and part of CANADIANA in which the main entry for the item sought is to be found, followed by the Dewey Decimal Classification number in the case of classified items. Thus, for Parts I-V reference is to the month, year and part, followed by the Dewey number, and the specific item sought will be found under the Dewey number subarranged alphabetically by entry. For Parts VI, VII and VIII, which are not classified, reference is to the month, year and part only and the item sought will be found in its alphabetical place by cataloguing entry. Detailed guidance for each part follows.

Part I Monographs (fully catalogued and classified)

Reference is to the Dewey Decimal Classification number. Items are subarranged alphabetically by cataloguing entry. Classification numbers occur in the following order:

CANADIANA 1973

INDEX

En 1968, CANADIANA commença à produire son index en ayant recours à l'automatisation. De cette façon, la production d'index récapitulatifs périodiques devint possible. Un index trimestriel, des livraisons de janvier à mars, paraît dans la livraison de mars. La livraison de juin comporte un index semestriel, soit de janvier à juin, et celle d'octobre, un index de juillet-août à octobre. L'index récapitulatif annuel réfère aux onze livraisons de CANADIANA 1973.

L'index sert aux huit parties de CANADIANA et offre, autant que possible, toutes les entrées spécifiques sous lesquelles on peut chercher un ouvrage. Il contient des entrées aux auteurs (personnels et collectifs), aux titres, aux vedettes secondaires (i.e. certains noms associés aux publications tels que les rédacteurs, coauteurs, etc.) et aux collections. L'index comprend aussi des renvois des formes non utilisées et dans certains cas l'historique des collectivités-auteurs.

L'entrée dans l'index réfère au mois, à l'année et à la partie de CANADIANA dans laquelle se trouve la publication cataloguée, suivie de l'indice de la classification décimale de Dewey lorsqu'il y a lieu. Donc, pour les parties I-V, la référence est d'abord au mois, à l'année et à la partie dans laquelle la notice paraît, suivie de l'indice de la classification décimale de Dewey; ainsi, dans cette partie, la publication se trouvera sous l'indice Dewey selon l'ordre alphabétique de la vedette principale. Pour les parties VI, VII et VIII qui ne sont pas classifiées, la référence est au mois, à l'année et à la partie seulement et la publication requise se trouve dans l'ordre alphabétique selon la vedette principale. Des renseignements détaillés sur chaque partie suivent ci-dessous.

Première partie. Monographies (cataloguées et classifiées en détail)

On réfère à l'indice de la classification décimale de Dewey. Les publications sont classées par ordre alphabétique de la vedette principale sous l'indice Dewey. L'ordre de la classification se trouve comme suit:

000-999
j000-999 Pour la jeunesse

Exemple: Pineau, J. La famille. Janv. 1973 Ptie 1 346'.714'01
(Cette publication se trouve dans la livraison de janvier 1973, première partie, sous l'indice Dewey 346'.714'01, sous-classée par ordre alphabétique de la vedette principale qui est dans ce cas-ci l'auteur: Pineau, J.)

Deuxième partie. Microcopies de thèses

On réfère aux principales classes de la classification décimale de Dewey. Les publications sont classées par ordre alphabétique de la vedette principale sous l'indice Dewey.

Exemple: Thèses canadiennes sur microfilm; no 11242 *voir* Maingon, C. L'esthétique artistique de J.-K. Huymans. Jan. 1973 Ptie 2 800
(Cette publication se trouve dans la livraison de janvier 1973, deuxième partie, sous l'indice Dewey 800 et sous-classée par ordre alphabétique de la vedette principale qui est dans ce cas-ci l'auteur: Maingon, C.)

Troisième partie. Publications en série, cataloguées et classifiées en détail

On réfère à l'indice de la classification décimale de Dewey. Les publications sont classées par ordre alphabétique de la vedette principale sous l'indice Dewey.

Exemple: Le Fouilleur. Févr. 1973 Ptie 3 001.4'3
(Cette publication se trouve dans la livraison de février 1973, troisième partie, sous l'indice de classification 001.4'3, sous-classée par ordre alphabétique de la vedette principale qui est dans ce cas-ci le titre, Le Fouilleur)

Quatrième partie. Brochures, dépliants, etc.

Dans l'index apparaît seulement l'entrée sous le titre. On réfère aux principales classes de la classification décimale de Dewey.

Exemple: Tu veux le bonheur. Janv. 1973 Ptie 4 200
(Cette publication se trouve dans la livraison de janvier 1973, quatrième partie, sous l'indice Dewey 200, sous-classée par ordre alphabétique de titre)

Cinquième partie. Enregistrements sonores, catalogués et classifiés en détail

On réfère à l'indice de la classification décimale de Dewey. Les publications sont classées par ordre alphabétique de la vedette principale sous l'indice Dewey.

Exemple: Les Jérolas à la porte St-Jean. ⌈Disque⌉ Janv. 1973 Ptie 5 782.8'1'52
(Cette publication se trouve dans la livraison de janvier 1973, cinquième partie, sous l'indice de classification 782.8'1'52, sous-classée par ordre alphabétique de la vedette principale qui est dans ce cas-ci le titre, Les Jérolas à la porte St-Jean)

Sixième partie. Films et films fixes réalisés au Canada

Cette partie n'est pas classifiée et les ouvrages se trouvent par ordre alphabétique de titres,

Exemple: Office national du film du Canada *voir* Dans nos forêts *(Film cinématographique)* Févr. 1973 Ptie 6
(Cette publication se trouve dans la livraison de février 1973, sixième partie, classée alphabétiquement sous son titre)

Septième partie. Publications du gouvernement du Canada

Cette partie n'est pas classifiée. Les publications se trouvent en deux listes, une anglaise et une française. Ces listes suivent l'ordre alphabétique de la vedette principale (généralement le ministère ou le corps administratif; en certains cas la notice peut être sous l'auteur personnel, ou, surtout lorsqu'il s'agit de périodiques, sous le titre)

Exemple: Services de conservation et de restauration *voir* Archives publiques du Canada. ⌈Feuillets, dépliants, etc.⌉ Janv. 1973 Ptie 7
(Cette publication se trouve dans la livraison de janvier 1973, septième partie, section française, classée par ordre alphabétique de la vedette principale: Archives publiques du Canada)

Huitième partie. Publications des gouvernement provinciaux du Canada

Cette partie n'est pas classifiée. On réfère premièrement à la province (les dix provinces sont classées par ordre alphabétique) Sous chaque province, les publications se trouvent en ordre alphabétique selon la vedette principale (généralement le ministère ou le corps administratif; en certains cas la notice peut être sous l'auteur personnel, ou, surtout lorsqu'il s'agit de périodiques, sous le titre) Les publications du Québec se trouvent en deux listes, une anglaise et une française.

Exemple: Code de procédure civile. Québec *(Province) Lois, statuts, etc.* Janv. 1973 Ptie 8 Québec
(Cette publication se trouve dans la livraison de janvier 1973, huitième partie, sous Québec, liste française, classée par ordre alphabétique de la vedette principale: Québec (*Province*) *Lois, statuts*, etc.)

CANADIANA 1974

CANADIANA lists publications of Canadian origin or interest. In addition to material published in Canada it includes material published in other countries if written by Canadians or if Canadian in subject.

Automation of the production of CANADIANA is in progress. The programme is to be implemented in stages, as formats are prepared for various types of material. This necessitates some changes in the form of publication. As the Canadian MARC (i.e. *MA*chine-*R*eadable *C*ataloguing) format for monographs is now in use for the production of Parts I and II these parts will form a separate physical volume with text and indexes computer-produced, and prepared for printing by photocomposition. For 1974 the text and indexes for Parts III to VIII will still be produced manually and will form a second physical volume. The two sections may not be sent to the printer at the same time and may be distributed separately. The arrangement of the parts within each of the two sections will remain unchanged from that in the 1973 issues.

Cataloguing

English and French language publications are catalogued in their respective languages. For a bilingual publication an entry is made in each language.

The *Anglo-American cataloging rules* were adopted in 1968. Where possible and deemed useful full and real name notes are given for the convenience of cataloguers and others requiring such additional information. In 1973 the International Standard Bibliographical Description for monographs was adopted. The revised chapter six of the *Anglo-American cataloging rules* (issued by the Library of Congress in November 1972) is used to incorporate the revisions in cataloguing practice made necessary by the adoption of ISBD in the preparation of all entries for Parts I and II. For entries for monographs in Parts VII and VIII, part of the ISBD specifications is being employed.

Rules 98-99 of the *Anglo-American cataloging rules* (Exceptions for entry under place) were abandoned in 1973.

Innovation: Cataloguing entries for French language publications are prepared according to the *Règles de catalogage anglo-américaines,* French version of the North American text, published Montreal, Association canadienne des bibliothécaires de langue française, 1973.

In CANADIANA the subordinate unit of a corporate body was formerly indicated by the use of italics for its name, e.g. Alberta Teachers' Association. *School Library Council*. This practice was abandoned in 1973 in Parts I to VI, in order to facilitate computer filing, and the above example now appears as Alberta Teachers' Association. School Library Council. The italicization is retained in Parts VII and VIII until the text of these parts is also computer-produced.

Classification

Library of Congress classification numbers are added to entries in Parts I, III and V except for those in the fields of Canadian history, Canadian literature and Law. Canadian history is classified according to the special classification F5000 (revised December 1960). The special classification PS8000 (revised August 1964) is used for classification of Canadian literature. Schedule K, developed in the Library of Parliament and published in 1969, is used for Law.

NOTE: The F5000 (Canadian history, December 1960) and PS8000 (Canadian literature, August 1964) schedules are available from the Cataloguing Branch, National Library, Ottawa, at $2.60 and $1. respectively. The K schedule (Law, 1969) is available from the Library of Parliament, Ottawa, at $2.

Subject headings

Sources for subject headings in English are *Subject headings used in the dictionary catalogs of the Library of Congress,* 7th edition and supplements, and *A list of Canadian subject headings,* issued by the Canadian Library Association. Where necessary, new subject headings are established, and these will be added to the new list of Canadian subject headings now in preparation. Subject headings in French are taken from *Répertoire de vedettes-matière,* 7th edition, 1972, from the Service de catalogage, Bibliothèque de l'Université Laval. New subject headings established in French will be incorporated into the eighth edition of this list.

Innovation: Where there was until 1974 a variation between Library of Congress and CANADIANA usage in the spelling of subject headings the spelling used by the Library of Congress now appears in CANADIANA.

CANADIANA 1974

CANADIANA signale les publications canadiennes ou les publications se rapportant au Canada. Donc, en plus des ouvrages publiés au Canada, la bibliographie nationale comprend des ouvrages publiés à l'étranger, qui sont écrits par des Canadiens ou qui traitent de sujets canadiens.

Nous travaillons toujours à l'automatisation de la production de CANADIANA. Le programme entrera en vigueur par étapes à cause des divers formats qui doivent être préparés pour les différents genres de publications que nous répertorions. Ceci entraîne des changements dans la présentation de la publication. Le format MARC (i.e. *MA*chine-*R*eadable *C*ataloguing) canadien pour les monographies est maintenant utilisé pour la préparation des 1ère et 2e parties qui constitueront cette année un volume séparé, avec texte et index produits par ordinateur et préparés pour impression par photocomposition. Le texte et les index des six autres parties seront encore produits de façon manuelle en 1974 et formeront un deuxième volume. Les deux sections ne seront peut-être pas envoyées chez l'imprimeur au même moment, et seront peut-être distribuées séparément. La composition et l'agencement des parties à l'intérieur de chacune de ces deux sections seront les mêmes que dans les livraisons de 1973.

Catalogage

La notice est en français ou en anglais, selon la langue de l'ouvrage catalogué. Les publications bilingues font l'objet de deux notices.

CANADIANA a adopté les *Anglo-American cataloging rules* en 1968. Nous ajoutons le nom complet ou le nom véritable d'un auteur lorsque nous possédons ces renseignements et que nous les jugeons utiles aux usagers de CANADIANA. En 1973, nous avons commencé à utiliser la Description bibliographique internationale normalisée des monographies. Nous employons également la révision du chapitre 6 des *Anglo-American cataloging rules* (publiée par la Library of Congress en novembre 1972) afin d'incorporer dans la préparation des notices paraissant dans les 1ère et 2e parties, les modifications qui se sont avérées nécessaires à la suite de l'adoption de la Description bibliographique internationale normalisée. Nous appliquons une partie de ces normes bibliographiques aux monographies des 7e et 8e parties.

Les règles 98-99 des *Anglo-American cataloging rules* (Exceptions admises concernant les vedettes aux noms de lieux) ne sont plus suivies depuis 1973.

Innovation: Nous préparons les notices catalographiques des publications de langue française selon les *Règles de catalogage anglo-américaines,* version française d'après l'édition nord-américaine, publiée à Montréal en 1973 par l'Association canadienne des bibliothécaires de langue française.

Déjà nous inscrivions en italique dans CANADIANA le nom d'une unité subordonnée à une collectivité, e.g. Conférence catholique canadienne. *Commission d'étude sur les laïcs et l'Eglise*. Nous avons abandonné cet usage en 1973 dans les six premières parties de CANADIANA, afin de faciliter le classement effectué par ordinateur. L'exemple ci-haut mentionné paraît maintenant ainsi: Conférence catholique canadienne. Commission d'étude sur les laïcs et l'Eglise. Nous maintenons l'italique cependant dans les 7e et 8e parties jusqu'à ce que ces parties soient elles aussi automatisées.

Classification

Un indice de la classification Library of Congress accompagne chaque notice des première, troisième et cinquième parties, sauf pour l'histoire du Canada, la littérature canadienne et le droit. Les ouvrages d'histoire du Canada et de littérature canadienne reçoivent, comme par le passé, des indices des tables spéciales F5000 (rev. en déc. 1960) et PS8000 (rev. en août 1964) respectivement. Nous attribuons aux ouvrages de droit des indices de la classe K publiée par la Bibliothèque du Parlement en 1969.

A NOTER: Les tables F5000 (Histoire du Canada, déc. 1960) et PS8000 (Littérature canadienne, août 1964) se vendent à la Direction du catalogage de la Bibliothèque nationale, Ottawa, aux prix respectifs de $2.60 et $1. On peut se procurer la classe K (Droit, 1969) à la Bibliothèque du Parlement, Ottawa, pour $2.

Vedettes-matière

Les vedettes-matière anglaises proviennent des répertoires suivants: *Subject headings used in the dictionary catalogs of the Library of Congress,* 7e édition et suppléments, et *A list of Canadian subject headings,* publiée par la Canadian Library Association. Au besoin, nous établissons de nouvelles vedettes-matière. Celles-ci seront ajoutées à la nouvelle liste de vedettes-matière canadiennes actuellement en préparation. Les vedettes-matière françaises sont tirées du *Répertoire de vedettes-matière,* 7e édition, 1972, du Service de catalogage, Bibliothèque de l'Université Laval. Les vedettes-matière françaises nouvellement établies paraîtront dans la huitième édition de cette liste. Nous cessons d'employer des vedettes-matière provenant d'autres sources à compter de 1974.

Innovation: Les vedettes-matière anglaises de CANADIANA qui jusqu'à maintenant différaient des vedettes de la Library of Congress quant à l'orthographe de certains mots, adoptent cette année, l'orthographe employée par la Library of Congress.
